

Please provide me the following details in the mentioned format in order to move ahead with the development:

Company Name (OEM Name):

Product Name (Please share generalized name. Do not share product wise):

Contact Address: Phone:

Email:

Website URL:

Additionally, please provide us your company logo in .PNG and .ICO formats.

Logo

The size of the image (in pixels) should be as follows in .PNG format:

(A) In 200 x 40 size: This .png image will be used in the product as it is and we won't be taking any action on it from our end.

OR

(B) In Minimum 1000 x 400 size: From this image, we will create another logo for you to be used in the product.

Icon

The size of the image (in pixels) should be as follows in .ICO format:

(A) In 16 x 16 size: This .ico image will be used in the product as it is and we won't be performing any action on it from our end.

OR

(B) In Minimum 256 x 256 size: From this image, we will create another logo for you to be used in the product.

Note: If possible, please share a transparent image for logo and icon.

I request you to pass me the required details in the mentioned format at the earliest, so that we can move further with the development of your OEM version of the product.

Please let me know in case of any concerns.

Regards,
Team eZee
