SEO enabled website

Dedicated website designer

Freedom to perform DIY

Drag and drop elements

Looker to booker widgets

Chains of properties. One website.

Showcase your restaurant's menu

Payment gateway integration

Google maps integration

Lets explore **these**
in depth

Myriad of themes

- Access various theme options like font styles, colour codes, backgrounds, etc.
- Search and apply the best for your brand.

Wide range of templates

- Be it any type of business, we have designed the finest ready-made templates for your brand.
- Select or combine any of them that suits best for your property.

Free hosting and SSL

- We help you to manage all the technical aspects and set you carefree from these hassles.
- Adding on, we give you a FREE SSL certificate inclusive in our pricing plans.

Suitable for all types of devices

- Let your visitors access your website on any device they wish to.
- We have made it look best on - mobiles, laptops, tablets, and desktops.

Multi-language support

- Create your website in any language you wish to or translate it as per your preference using the Google translate plug-in enabled on your website.
- Through this, encourage more bookings and orders by catering to international travellers.

SEO enabled website

- We have made our websites customized for the best search results covering SEO-related features.
- Grow your visibility and get your website ranked well on the search engines.

Dedicated website designer

- Save up on your expense of hiring a web designer. With eZee Panorama, you get a dedicated website designer.
- This would help you in designing a website as per your requirements and perfectly match it with your brand.

Freedom to perform DIY

- Once your website is built, we give you full access to it to perform as many edits as you wish.
- Add/delete anything and we'll have a backup for you saved in its older versions

Drag and drop elements

- Perform instant changes to your website, with our easy-to-use drag and drop options.
- For this, you need not require any training or HTML coding knowledge.

Chains of properties. One website.

- One single website is all you need to easily navigate and manage operations of your properties.
- We help you create an extensive website that portrays the best of all your locations.

Looker to booker widgets

- It's the simplest way to attract more visitors to your website.
- All you need to do is, make use of the bunch of widgets we provide like exit popups, notifications and more.

Showcase your restaurant menu

- Add numerous cuisine options, dishes, rates, appealing photos, and more.
- Simply publish it and let your visitors know what you offer.

Payment gateway integration

- We've covered various payment gateways in our solution. Allow your customers to make payments in their preferred choices.
- Be it debit or credit card, UPI, Google Pay, Paytm, or any such like.

Google map integration

- Help your customers to find the exact directions to your property/outlet.
- Our website builder has integrations with Google Maps that allow you to add a direct link to your location.

Why choose **Website Builder**
